

Louan FERCHAUD

Date of Birth: April 22, 2006

Address: 13 rue des Chardonnerets, 85310 La Chaize-le-Vicomte, France

Phone: +33 6 42 03 45 87

Email: ferchaudlouan.cr@gmail.com

Driving Licence: Category B

PROFILE

Motivated and adaptable electronics and industrial computing student currently pursuing a Bachelor of Technology in Electrical Engineering and Industrial Computing (GEII). Strong interest in electronics design, embedded systems, and industrial automation, with practical experience in PCB design, testing, and technical project development.

EDUCATION

Bachelor of Technology (BUT) – Electrical Engineering and Industrial Computing (GEII)

IUT Angers-Cholet, France | 2024 – 2026

Technological Baccalaureate STI2D

(Sciences and Technologies of Industry and Sustainable Development) **Rosa Parks High School, France**
| 2024

TECHNICAL SKILLS

- Electronics design and PCB development
- Teamwork and collaboration
- Office and computer tools
- Python and C programming

Software

CAD: Proteus, KiCad, Eagle

Simulation: LTspice, Orcad

Testing: LabVIEW

3D Modelling: Fusion 360, SolidWorks

PROFESSIONAL EXPERIENCE

Youth Handball Coach – SLV Club

La Chaize-le-Vicomte, France | Since 2023

- Coaching and supervising young players
- Communicating with parents
- Managing and creating schedules

Food Industry Operator – La Boulangère

Summer 2024

- Packaging operations
- Use of HMI (Human-Machine Interface) systems on industrial robots

Bakery Production Operator

Summer 2025

- Performed quality and hygiene inspections
- Operated and managed machines and automated systems

TECHNICAL PROJECTS

Audio Amplifier Modernization Project

2026

- Upgraded a signal acquisition board for digital, analog, and light signals
- Designed and developed a Class-D amplifier board
- Designed and developed an HMI board
- Managed retrofitting integration with existing boards

Rangefinder Design and Development Project

2025

- Selected components and designed the electronic schematic
- Designed and implemented the PCB
- Managed budgeting and validation processes
- Developed a LabVIEW-based test bench

LANGUAGES

- English: B2+
- Spanish: A2

PERSONAL STRENGTHS

- Flexible and adaptable
 - Punctual and reliable
 - Team-oriented mindset
-

INTERESTS

- Handball
- Music
- DIY and electronics projects
